

# *Town of Fayette, Maine*

## *Board of Selectmen*

March 24, 2020

### Fayette Community Members:

During these uncertain times, we would like to assure our residents that Fayette is working to protect our residents and staff as we work through the challenges created by COVID-19.

Fire Chief Marty Maxwell is in regular communication with State emergency management and public health officials. Town Manager Mark Robinson is getting the work done and keeping the Town running. The Board of Selectmen have a plan in place to respond to the Town's needs as they arise. Social distancing is not the same thing as disconnecting. It is important for us all to safely stay connected as a community.

Here are some efforts to keep us connected.

- The Town Manager will start a weekly public phone conference-call. He will send out further information through this e-mail distribution list. If interested, please listen in for updates.
- If you live alone and are asked to self-isolate or go into quarantine, we ask that you voluntarily notify the Town Office by calling 685-4373. This is important for multiple reasons, primarily so we are aware of whom may need assistance. This is new to all of us and we are not sure what will be necessary, if anything, but we will try to serve the changing needs of the community if we can.
- Mark and Marty will host weekly updates with the Selectmen until this pandemic is relieved.
- The second half of this year's tax payment is due 30 April. We request these be mailed to the Fayette Town Office 2589 Main St., Fayette, ME 04349 or paid online via the Town's website: [fayettemaine.org](http://fayettemaine.org)

This is new to all of us and we are not sure what will be necessary or what we can do, but we will try to serve the changing needs of the community.

We are working during this time to try to keep us connected and safe.

Stay well,

Fayette Board of Selectmen
