

Broadband is coming!

We are building a brand new fiber to the home network in your town. To kick off the project, we're getting the word out and inviting residents to show their interest and support for the project.

How can you show your support?

Right now, we are inviting residents to subscribe with us. Subscribing can be done on our website, by using your mobile device to scan the QR code below, by visiting a local Matrix Connected Fiber (MCF) kiosk near you, or by contacting a representative for any inquiries you may have.

What are the benefits?

There are several benefits afforded to communities connected by fiber and we want to share them with you. With a fiber network built by MCF, you can count on:

- Fast connection speeds for work, school, gaming, social networking, streaming, and telemedicine.
- Network reliability in inclement weather and bandwidth to handle multiple devices.
- Sensible and customizable monthly plans to fit your budget.
- Dedicated support team to help you get service set up and maintain your network connection.

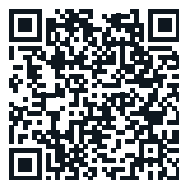

Are there any costs or obligations?

No, there are no costs or obligations for residents at this time. You can opt out at any time with no risk. For a limited time there will be NO installation cost for a standard fiber installation. Be sure to sign up to help ensure your home address is included in the construction plans. Stay tuned for more details!
